

BRITISH MOTOR BOAT THAT REPULSED YANKEE CHALLENGERS

Maple Leaf IV, E. Mackay Edgar's famous speed craft, which, as the official representative of the Roly Uster Yacht club, successfully defended the Harmsworth trophy, emblematic of the international motor boat championship of Great Britain, at the recent regatta at Cowes, England. Three speed boats from America made an ineffectual attempt to win back the trophy that the Maple Leaf had won away at Huntington bay last season.

PROF'S FIGURES TO SETTLE WAGES

Dr. Frank J. Warne of University of Pennsylvania Before Railway Arbitration Board.

NEW YORK, Sept. 16.—The arbitrators who will decide the wage dispute of the eastern railroads and train men received statistics Monday indicating that the roads have increased the size and capacity of freight cars without increasing the cost of operation. The witness was Dr. Frank J. Warne, professor of economics at the University of Pennsylvania. The employees will use his figures to argue that either train crews should have been increased or wages raised.

Dr. Warne admitted that he had no practical experience in railroad work, and that his testimony was based wholly upon statistics, in which he claimed to be an expert.

He declared that owing to the great danger to life in the work of moving trains, insurance companies and fraternal societies would accept life risks upon such workmen only to a "definite limit" or at advanced rates.

"Good times are bad times for trainmen," Dr. Warne continued. "That is, when the railroads enjoy good times of heavy traffic the number of employees is increased and the increase in traffic means an increase in the number of accidents. Statistics show that when the number of employees is increased accidents increase. This tendency of increased prosperity resulting in greater risk to the employees is deserving of serious attention at this time because of the fact that the railroads of the country are entering upon such a period."

ASKS MAYOR SHANK FOR CAR OF INDIANA MAIDS

INDIANAPOLIS, Sept. 16.—While New Mexico has plenty of heat, sand, cactus and a wonderful atmosphere it is short on brides, according to a letter received by Mayor Shank from Walter Goodhue of Mosquero, N. M. Mayor Shank has been operating a private matrimonial bureau for the benefit of those unable to secure a life partner but Monday's order almost overcame the city's executive.

A whole car load of Indiana maidens was the order placed by Goodhue. For a minute the mayor gasped but reading further learned that Goodhue was not a Mormon but wanted the car load of helpmates for himself and other members of a club, organized to aid each member to secure a wife, for wives, the writer says are scarcer than blue grass in New Mexico.

Goodhue vouches for the members of the club, saying all are sober, industrious and have bank accounts. Mayor Shank said he would try to fill the order as he has never failed heretofore.

OLD TIMERS BRASS BAND TO APPEAR

Industrial and Auto Parade to Be Featured by Unique Organization—Old Uniforms.

ELKHART, Sept. 16.—An old-timers' brass band will be one of the unique features of the industrial and auto parade on Thursday of the fall festival and band tournament, September 24-27.

"Herb" Rowe, who is ever alert to give the human touch to public amusement enterprises, has informed Secretary Otto Helrick that he is organizing a band to consist of between thirty-five and forty old-time musicians for the special purpose of appearing in the parade. The men will appear in their old uniforms—some of which were never seen by Elkhart residents born since the Chicago world's fair—and will play their old instruments.

The membership is to be recruited primarily from citizens who played in "Brick" (Avery) Brown's "Silver Cornet Band," from the K. of P. band and from the South End band, all of which disorganized years ago.

The "old boys" are now practicing and getting gingered up in preparation for their public "come back" a week from next Thursday.

GARRISON NOT IN FAVOR OF BIG STANDING ARMY

WASHINGTON, Sept. 16.—"I don't believe the army was ever in better condition," said Secy. Garrison, when he returned to his desk at the war department Monday after an absence of two months visiting all the important military posts in New England and some of the stations in the middle states.

"If we are going to attract the men we want and raise the efficiency of the army we must have a shorter term of enlistment," said he. "I am in favor of a three year term, with the privilege of discharge, into the reserve as soon as an enlisted man proves his efficiency. I have not decided what the shortest period of service with the colors should be. That will depend entirely upon the individual. I am in favor of discharging the men as soon as they earn discharge and as a reward for their hard work."

Mr. Garrison said he does not favor nor would the country tolerate a large standing army. He thinks that a shorter enlistment to be followed by a term in the reserve would go a long way in building up the army without increasing it numerically. The secretary declined to discuss the plans for the concentration of the army in a few strategic centers, rather than to have them distributed throughout 157 posts in unimportant locations.

Address: F. D. Grant, D. P. A., Soo Line, 140 So. Clark St., Chicago, Ill.—Advertisement.

INDICT HANLEY FOR ATTACK ON FATHER

Vigo County Grand Jury Charges Head of Franklin College With Assault and Battery on Aged Parent.

TERRE HAUTE, Ind., Sept. 16.—The Vigo county grand jury Monday returned an indictment charging Rev. Elijah A. Hanley, president of Franklin college, with assault and battery on his father, Calvin Hanley. The assault is alleged to have been committed at the home of the elder in Middletown, Sept. 11. Sheriff Shea communicated with Rev. C. R. Parker of Terre Haute, member of the Franklin college board, and received assurance Dr. Hanley would report when wanted.

According to the story told neighbors by Calvin Hanley his son took offense at a joking remark he had made to his daughter-in-law and dragging him from his chair struck and beat him severely. The aged man summoned a physician and at first it was believed his injuries were serious but later it developed that he was not badly hurt.

Spanked Father. Dr. Hanley, while in Indianapolis, Saturday, issued a statement in which he gave his version of the affair and said that he had "switched and spanked" his father for a remark made to a brother's wife, and because of ill-treatment of his mother. In ending his statement Pres. Hanley said he now felt that he should have taken a hand in the matters years ago.

Pres. Hanley returned to Terre Haute Saturday night and visited his father's home where it is said a reconciliation took place. The father asked forgiveness for his unkindness to the members of his family while the son knelt before his parent and asked his blessing, said a friend who was present.

When the reconciliation was affected, a member of the board of trustees of Franklin college announced that the affair was closed as far as the board was concerned and expressed hope that the matter would not be taken before the grand jury.

WALNUT GROVE. Mr. and Mrs. William Sellers and Miss Verna Shellenburger of South Bend visited friends here last week.

Mrs. Clyde Mittan and family and Miss Ethel Beattie of Portage Prairie called on Mrs. Pearl Lydick Friday afternoon.

Charles Mikesell, Jr., of Lydick spent Friday night with Mr. and Mrs. Ralph H. Lydick.

A few from here attended the Sunday school convention at Lydick Sunday.

Mr. and Mrs. L. A. Lydick and Mr. and Mrs. Staples called on friends here Sunday evening.

SHELBYVILLE.—Clyde Newton, 12, cranked his grandfather's automobile two months ago and broke both bones in his right arm above the wrist. Today he tried cranking the same auto and broke his arm over again.

FAST FREIGHT HITS COAL TRAIN; TWO HURT

CLEVELAND, Ohio, Sept. 16.—Two men were seriously injured and three cars and an engine demolished early Monday when a fast freight train on the Wheeling & Lake Erie railroad crashed into the rear end of a coal train two miles east of Bedford. The injured men are Judd Spitzer, of Canton, engineer, and M. H. Yoder, Capton, fireman of the fast freight. Spitzer and Yoder were seriously bruised when they leaped from the flying train just before the collision occurred. Other members of the freight crew escaped injury by leaping into a pond along side the track.

New Rabies Cure Is Praised by Metchnikoff

PROF. ELIE METCHNIKOFF.

PARIS, Sept. 16.—The reported discovery of the microbe of hydrophobia by Dr. Hideyo Noguchi, of the Rockefeller Institute of Medical Research of New York, is considered to be of vital medical importance by Prof. Elie Metchnikoff, of the Pasteur institute. In speaking of the progress that is being made against this dread disease, Prof. Metchnikoff pointed the record of the Pasteur institute for the year of 1912, during which period all of the 295 persons treated were saved. This is the second time such a record has been established in twenty-seven years.

E. A. STOLL SAID TO BE AFTER EXPOSITION JOB

INDIANAPOLIS, Sept. 16.—All members of the last Indiana legislature who sought the appointment as executive commissioner to superintend the construction of an Indiana building at San Francisco, were put out of running when the Panama-Pacific exposition committee at a meeting in the state house Monday decided it would be unlawful for any member of the assembly to be appointed to a legislative position established by that legislature. Among those who sought places are state senators J. J. Netterville, Oscar Ratts and representatives Joseph H. Stahl and John M. Masse-link.

A committee composed of Lieut. Gov. O'Neill, Senator Wood and Rep. Homer L. Cook was appointed to select the executive commissioner and a secretary and to fix the salaries of these officers.

Among those who are seeking the appointment are A. R. Keasling of San Francisco, formerly of Logansport, Ind., E. A. Stoll of South Bend, and John Wessell, Jr., of Fort Wayne.

TWELVE NEW CASES FOR PARDON BEFORE BOARD

INDIANAPOLIS, Sept. 16.—In addition to a number of continued cases,

twelve new cases for pardons and clemency, including those of three convicted murderers have been filed with the clerk of the state board of pardons and paroles, which begins its fall meeting here Sept. 22.

A number of the appeals including those of three murderers, have previously been refused by the board. In the list, in which only the names are given in some cases, are the following:

Walter S. Green, from Sullivan county, 1907, for life for murder; Charles E. Shepard, from Jay county, 1902, for life for murder; William Adams, from Sullivan county for life, for murder; Paul Dunning, Vanderburgh county, April, 1913, to Indiana reformatory; John C. Borer, Elkhart county, 1911, to the reformatory, and George W. Hawkins, Pike county, for forgery, to the state prison.

WALKERTON.
